Registering to Coupa Supplier Portal

To register to Coupa Supplier Portal, click the **Join Coupa** button which you will find in the email sent to you from the Portal:

Guardian Industries Registration Instructions - Action Required

Powered by

Hello GLASS- [REDACTED] CO-C1311589,

You have been identified as a supplier who would benefit from our Coupa Supplier Portal. This provides the ability for us to share electronic documents with regard to PO delivery and invoice submission. Guardian has launched this process in January 2020. Within the next 48 hours, please click the button below to register your account with us. If you are not the right person to receive this communication, please send this request to the appropriate person by using the forward link.

If you are unable to register for any reason or have questions regarding CSP (Coupa Supplier Portal) or Coupa in general please reach out to our Supplier Enablement Team at accounts payable@guardian.com and put 'COUPA' in the subject line.

Jekandra Pozniak
Guardian Industries

Join Coupa

Forward this invitation

You can forward the invitation to another person who will be responsible for registering your company to CSP; just click the **Forward this invitation** button and provide that person's details.

Join Coupa

Forward this invitation

After clicking the button, you will see the registration form. Please, fill in your name, surname, create a password, accept the Privacy Policy and Terms of Use. Your company name and email will already be populated. Then click the **Get Started** button.

Create your business account

Guardian Industries is using Coupa to transact electronically and communicate with you. We'll walk you through a quick and easy setup of your account with Guardian Industries so you're ready to do business together.

Email

Password

Use at least 8 characters and include a number and a letter.

Verify your email

After completing your business information, you will be prompted into a new page to verify your e-mail address.

Coupa will send you an e-mail that contains a six-digit code to verify you are the owner of the email address.

Check your e-mail address to see if you receive the six-digit code if you didn't you can click on "Request a new code".

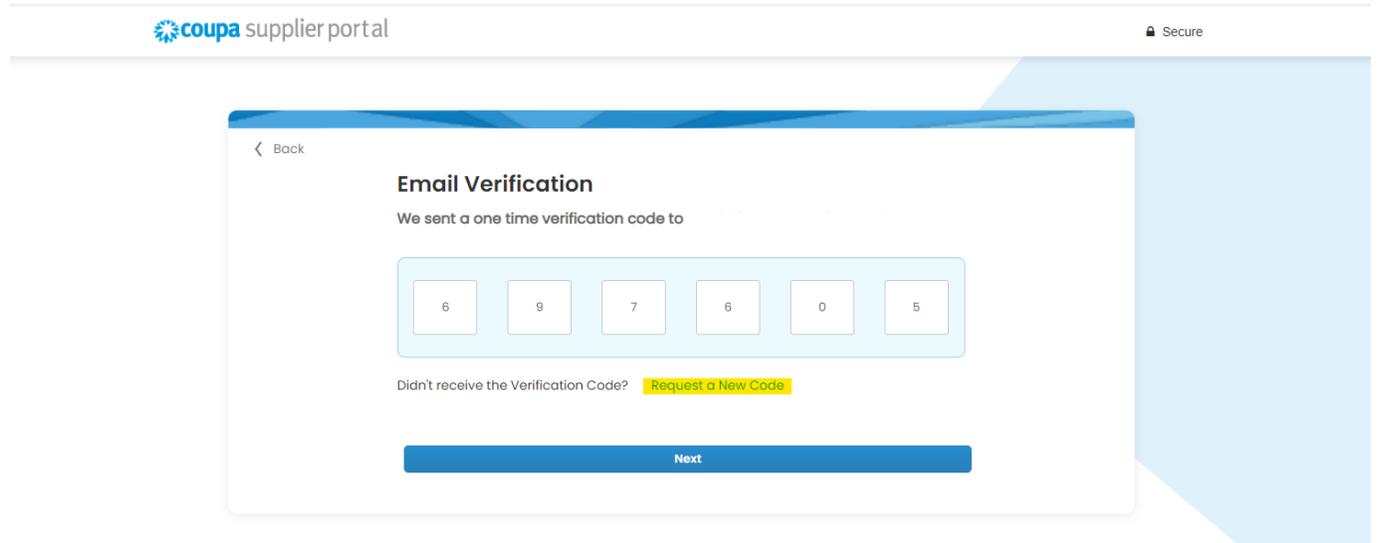

The screenshot shows the 'Email Verification' page in the Coupa supplier portal. At the top left, it says 'coupa supplier portal' with the Coupa logo. At the top right, it says 'Secure' with a lock icon. The main content area has a blue header with a back arrow and the text 'Email Verification'. Below this, it says 'We sent a one time verification code to' followed by a blurred email address. In the center, there is a light blue box containing six white input fields with the digits 6, 9, 7, 6, 0, and 5. Below the input fields, it says 'Didn't receive the Verification Code?' followed by a yellow button labeled 'Request a New Code'. At the bottom, there is a blue button labeled 'Next'.

Verify your email

After completing your business information, you will be prompted into a new page to verify your e-mail address.

Coupa will send you an e-mail that contains a six-digit code to verify you are the owner of the email address.

Check your e-mail address to see if you receive the six-digit code if you didn't you can click on "Request a new code".

Two-Factor Authentication

Beginning in May of 2023, you **must** enable two-factor authentication for additional security. The Coupa supplier portal will now require you to use two-factor authentication to access their data in the CSP, such as:

- Legal entity
- bank details
- Remit to addresses
- Manage accesses and assign permissions to new and existing users.

*you can enable it for every time you login into your account, this is optional

The screenshot shows the 'coupa supplier portal' interface. At the top right, there is a user profile 'KATIA' and a 'NOTIFICATIONS' icon with a red badge containing the number '6'. A dropdown menu is open, showing options for 'Account Settings', 'Notification Preferences', and 'Log Out'. Below the navigation bar, the page title is 'My Account Security & Two-Factor Authentication'. On the left, a sidebar menu includes 'Settings', 'Notification Preferences', and 'Security & Two-Factor Authentication' (which is highlighted). The main content area is titled 'Two-Factor Authentication' and contains the following options:

- Enable only for Payment Changes (Required for changing Legal Entity or Remit-To)
- Enable for Both Account Access (Login) and Payment Changes

Below these options, it states 'Via Authenticator App Enabled'. There is a section with a checked checkbox for 'Enabled' and the text 'Using an Authenticator App available from your mobile phone app store'. A link 'Change Authentication App' is present below this section.

Below that, it states 'Via SMS Disabled'. There is a section with an unchecked checkbox for 'Enable' and the text 'Using SMS, a code will be sent to your mobile phone number. Enter verification code when prompted and select OK. SMS rates apply.' At the bottom of this section are two buttons: 'Show Recovery Codes' and 'Regenerate Recovery Codes'.

Two-Factor Authentication

To enable two-factor authentication, click on account settings under your username, it will take you to **My Account page** then click on **Security & Two-Factor Authentication** link on the **My Account page**.

When you enable two-factor authentication, you can choose from the following options:

- ✓ For Payment Changes (Required for Changing Legal Entity or Remit-To)
- ✓ For both account access (login) and payment changes

Depending on how you want to receive the verification codes, you can select one of the following options, and set your preference as the default:

Via Authenticator App to use an authenticator app available from the app store on your mobile phone.

OR

Via Text Message to use a code sent via text message to your phone number.

The screenshot shows the 'coupa supplier portal' interface. At the top right, there is a user profile for 'KATIA' with a dropdown menu containing 'Account Settings', 'Notification Preferences', and 'Log Out'. A 'NOTIFICATIONS 6' badge is also present. The main navigation bar includes links for Home, Profile, Orders, Service/Time Sheets, ASN, Invoices, Catalogs, and Business Performance. The page title is 'My Account Security & Two-Factor Authentication'. On the left, a sidebar menu lists 'Settings', 'Notification Preferences', and 'Security & Two-Factor Authentication' (which is highlighted). The main content area is titled 'Two-Factor Authentication' and contains the following options:

- Enable only for Payment Changes (Required for changing Legal Entity or Remit-To)
- Enable for Both Account Access (Login) and Payment Changes

Below these options, the status is 'Via Authenticator App Enabled'. There is a section for 'Via Authenticator App' with a checked 'Enabled' checkbox and the text 'Using an Authenticator App available from your mobile phone app store'. A 'Change Authentication App' link is provided. Below that, the status is 'Via SMS Disabled'. There is a section for 'Via SMS' with an unchecked 'Enable' checkbox and the text 'Using SMS, a code will be sent to your mobile phone number. Enter verification code when prompted and select OK. SMS rates apply.' At the bottom of the page, there are two buttons: 'Show Recovery Codes' and 'Regenerate Recovery Codes'.

Two-Factor Authentication via text message

if you want to receive text message (SMS) notifications or verification codes, you **must** enter and validate your phone number under My Account > Notification Preferences.

After you verify your phone number, enter the verification code in the pop-up window.

Once successful validation, you receive the verification codes in text messages

The screenshot shows the Coupa Supplier Portal interface. At the top, the logo and 'supplier portal' text are on the left, and the user name 'KATIA' with a notification badge (6) and a 'HELP' link are on the right. A blue navigation bar contains links for Home, Profile, Orders, Service/Time Sheets, ASN, Invoices, Catalogs, Business Performance, Sourcing, Add-ons, and Setup.

The main content area is titled 'My Account' and 'Notification Preferences'. A sidebar on the left lists 'Settings', 'Notification Preferences' (highlighted), and 'Security & Two-Factor Authentication'. The main content area has a sub-header 'You will start receiving notifications when your customers enable them.' Below this, there are input fields for 'Email' (katia.madrid@kochgs.com) and 'Mobile(SMS)' (+1 201-555-5555), with a 'Verify' button. A warning icon and text 'Verify number to receive SMS' are displayed below the mobile number field.

Below the notification preferences, there is an 'Announcements' section. A pop-up window is overlaid on the page with the title 'Enter the code that you received by SMS'. The pop-up contains a green message box stating 'Your verification code has been sent to: +1 201-555-5555'. Below this is a text input field labeled '* Code'. At the bottom of the pop-up are three buttons: 'Cancel', 'Resend Code', and 'OK'.

Two-Factor Authentication via Authenticator App

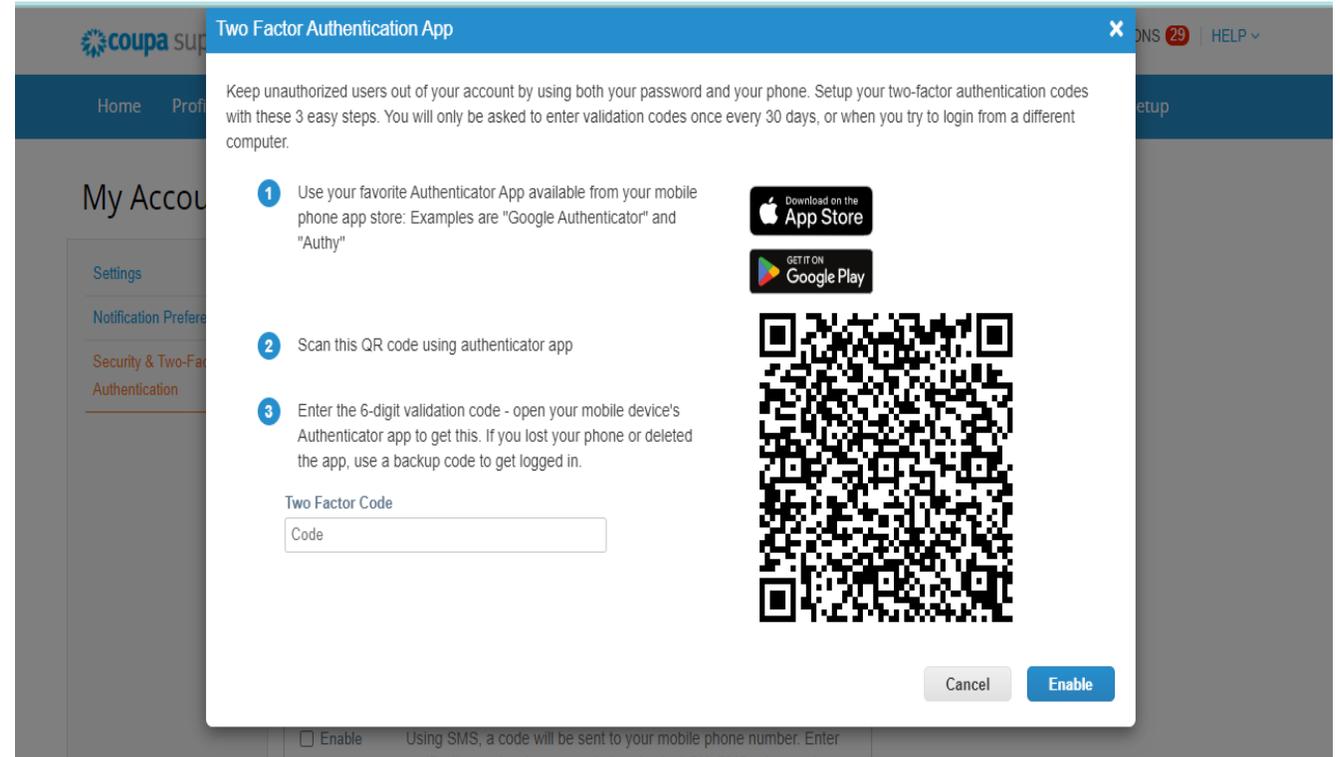

For the authentication via app, you will need to download an additional app on your phone, through your app store or google play store,

You can choose between available apps; we recommend you these two:

✓ “google authenticator” and “authy”

Once you have the app:

1. Open the app
2. Scan the QR code using the app
3. Enter the 6-digit validation code
4. Click enable.

Two-Factor Authentication via Authenticator App

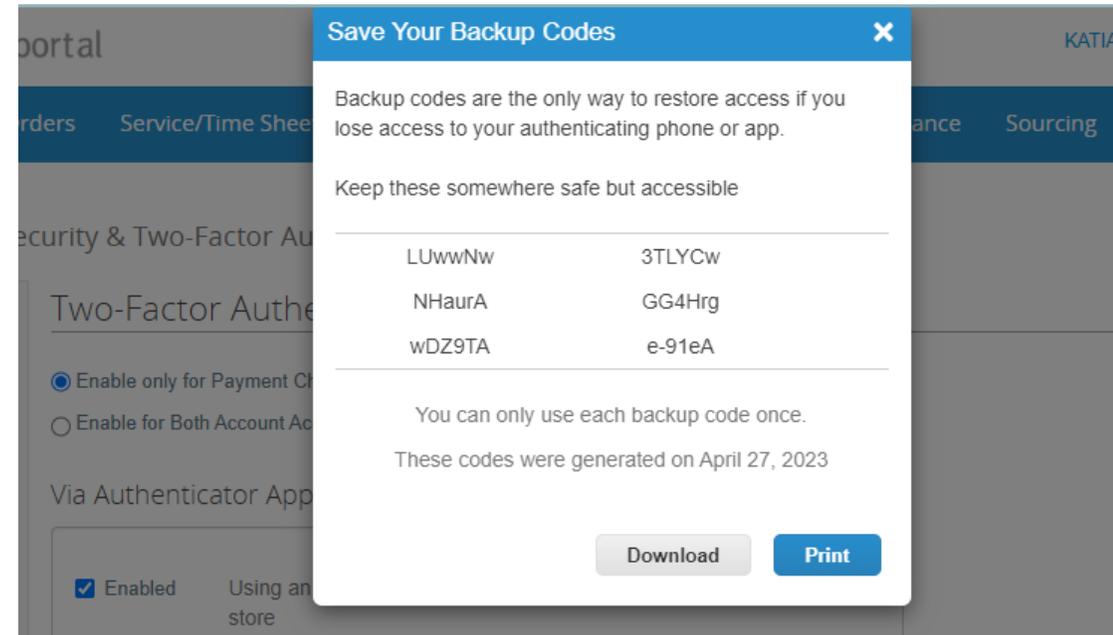

The portal will give you back up codes in case you lost, delete the app, or changed your phone,

Print this backup codes or email them to yourself before you click OK.

Note

You can only use a recovery code once, so refresh your list if you must use a recovery code. Go to Account Settings > Security & Two-Factor Authentication and

click **Regenerate Recovery Codes** to get a new list of codes.

! **IMPORTANT:**

- ! THE USE OF THE CSP IS COMPLETELY **FREE**. YOU DON'T HAVE TO PAY ANYTHING TO REGISTER, HAVE ACCESS TO YOUR POs, INVOICES, etc. ,
- ! Right now, the portal is offering to get your profile verified with an additional cost. This is totally optional. We, Guardian/SRG don't require this verification.
- ! Starting May 2023, two-factor authentication will be **mandatory** for viewing or making changes to the legal entity, remit to address or bank account information on the CSP. Besides the mentioned accounts, the rest remains same as before. (for more information visit pages 3-7)

Introduction to Coupa Supplier Portal (CSP)

HOME

- on the **Home** page you can see the information about your company

PROFILE

- in the **Profile** section you can configure your profile. Your profile can be set up as public or customized for each Customer separately

ORDERS

- in the **Orders** section you can find the Orders you receive, organized by Customer

INVOICES

-in the **Invoices** section you can view all created invoices and verify their current status

Legal Entity Setup

To setup a legal entity, go to the **Legal Entity Setup** option. Then click **Add Legal Entity** and fill in all the fields marked with a red asterisk.

On the first page enter the Legal Entity Name and Country, and then click the **Continue** button.

Where's your business located?

Setting up your business details in Coupa will help you meet your customer's invoicing and payment requirements. For best results with current and future customers, complete as much information as possible.

* Legal Entity Name

Country/Region

This is the official name of your business that is registered with the local government and the country/region where it is located.

In the next window, you need to fill in the address from which the invoices will be issued, as well as indicate whether the address provided is used for remittances or as a sender address. Unchecking these options allows you to add other addresses. Please make sure to allow Guardian to see these addresses.

Tell your customers about your organisation ×

PO lines

It's important to review that the correct purchase order lines are selected in each line. As well as filling the Bill of lading in each line with your internal folio and at the line level choose the appropriate tax rate from the "VAT Description" dropdown.

(if you are tax exempt you can choose "exempt")

When complete, select "Calculate" to see the gross value of the invoice.

When are finished, select "Submit". (Remember that the total amount in orders doesn't include taxes. Those are calculated separately when creating the invoices)

How to Invoice an Open Purchase Order

If you received a purchase order that contains several lines that you will be supplying in different periods of time, you can partially create invoices utilizing that same purchase order by deleting the PO lines you did not supply, that will allow you to use those lines for later.

For example, for an annual purchase order you may be submitting invoices partially according to the services provided in each month so you need to make sure **to only invoice the lines you effectively supplied that month** by deleting the rest of the lines, that way you will have available those lines to create invoices later.

To delete the lines you won't be invoicing, simply click on the **x** situated in the top right of the line.

You can also invoice the lines partially; you just need to adjust the quantity in the “Qty” field.

! Note: Leaving the line in 0.00 is not the right procedure and it will cause a rejection of the invoice.

Lines ☐ Line Level Taxation

| Type | Description | Qty | UOM | Price | | |

Credit Notes

To create a credit note, click on the red coins icon in the **Actions** column in the **Orders Tab** or click on **Create Credit Note** from the **invoices tab. amount.**

The **Create Credit Note** window will then appear and the system will ask you to provide the reason for creating a credit note. Then select the address and complete the fields marked with a red asterisk.

Credit notes must be created in the negative

Credit Note ✕

If you are issuing a credit note in regards to a problem with an invoice or goods shipped, please include the invoice number. If you are issuing a credit note purely to offer a credit to your customer, please select other.

Reason Resolve issue for invoice number ▼

Other (e.g. rebate)

Disputed Invoices

When an invoice has been disputed, the supplier must take action to correct it. You can find additional information in the comment section. If a credit note is issued regarding a problem with an invoice or goods shipped, choose the relevant invoice by using the **Resolve issue for invoice number** option from the drop-down list.

Credit Note ✕

If you are issuing a credit note in regards to a problem with an invoice or goods shipped, please include the invoice number. If you are issuing a credit note purely to offer a credit to your customer, please select other.
